

| Appendix F | |
|--|-----------------|
| List of CYP 3A4 Inhibitors and Inducers | |
| Inhibitors | Inducers |
| Amiodarone** | Barbiturates |
| Anti-retroviral protease inhibitors | Bosentan |
| Aprepitant** | Carbamazepine |
| Cimetidine** | Efavirenz |
| Clarithromycin | Fosphenytoin** |
| Conivaptan | Phenytoin** |
| Dalfopristin** | Rifabutin |
| Delavirdine | Rifampin** |
| Diltiazem** | Rifapentine |
| Efavirenz | |
| Erythromycin** | |
| Ethanol | |
| Fluconazole** | |
| Fluoxetine | |
| Fluvoxamine | |
| Ginkgo biloba –prohibited | |
| Ginseng -prohibited | |
| Grapefruit Juice- prohibited | |
| Imatinib | |
| Imatinib | |
| Itraconazole | |
| IV Miconazole** | |
| Ketoconazole | |
| Ketolide antibiotic | |
| Mifepristone | |
| Nefazodone | |
| Quinupristin** | |
| RU-486 | |
| STI-571 | |
| Telithromycin | |
| Troleandomycin | |
| Verapamil** | |
| Voriconazole** | |
| Zafirlukast | |
| Zileuton | |

This list is not inclusive of all CYP3A4 inducers and inhibitors.

** These drugs are available in IV form.
